ONE OF AUSTRALIA’S MOST AWARDED.

GIORGI ARCHITECTS AND BUILDERS IS ONE OF AUSTRALIA’S MOST AWARDED CUSTOM ARCHITECT BUILDERS. FOR MORE THAN 20 YEARS, OUR INTEGRATED ARCHITECTURE STUDIO AND BUILDING COMPANY HAS CREATED SOME OF PERTH’S FINEST CONTEMPORARY LUXURY RESIDENCES.
WHEN BUILT FORM VERGES ON ART FORM.

WE BELIEVE IN ARCHITECTURE. GOOD DESIGN INSPIRES US. WE BELIEVE THAT BUILT FORM CAN VERGE ON ART FORM.

Above all, we believe in creating exceptional residences that enrich the lives of our clients. And our entire team works with diligence and passion to ensure that happens, from first meeting to final handover.
LET'S TALK
It all begins with a conversation – obligation-free. You sit down at the table with our design consultant and tell them about the dream home in your mind’s eye, your lifestyle, your site and your budget.

DESIGNING YOUR NEW HOME
Based on this brief, our architect will design an architectural concept or concepts. Giorgi utilises the latest 3D design software so your design concept not only includes plans and elevations but can also be viewed as a complete 3D computer-generated artist’s impression. As a result, each design is accompanied by a thorough quotation of the expected overall costs.

EQUAL TO THE QUALITY OF OUR HOMES IS OUR QUALITY OF SERVICE, AND WE PROVIDE THE HIGHEST LEVEL OF NURTURING GUIDANCE TO OUR CLIENTS FROM FIRST ENQUIRY TO HANDOVER AND BEYOND.

SEAMLESS PROCESS
While our architectural studio is at the heart of our practice, we work a little differently. We are a multidisciplinary design and build company where architects and master builders collaborate under one roof. Instead of being separate processes, architecture and construction are unified from the outset, resulting in smarter solutions and tighter budget controls. It’s also a more streamlined, less stressful process for our clients who are guided by one team of people throughout the building journey.

INTERIOR DESIGN AND MATERIAL SELECTIONS
Once you have committed to an architectural concept, you will embark on one of the most exciting chapters in the realisation of your new home – choosing a materials palette and fit-out to reflect your individual tastes and make your home a true expression of who you are and how you live.

BUILDING YOUR NEW HOME
Construction is tightly managed by our in-house team to ensure an efficient build to Giorgi’s exacting standards. We work closely with a network of Perth’s top artisan tradespeople who value fine workmanship as highly as we do.

HANDING OVER YOUR NEW HOME
Congratulations, it’s time to hand over the keys to your new residence. But our hands-on approach to service continues. At Giorgi, our reputation is paramount, and you can be assured that we will provide prompt follow-up after hand over.
